AUDI STUDENT SCHEDULE

Students attend Sheridan Technical College on Mondays from 8:00 am to 4:30 pm while working at their sponsoring Audi dealership part time the rest of the week. Students will work approximately 20 to 30 hours a week at an Audi dealership, usually under the supervision of a Master Technician, earning \$11.00 per hour totaling nearly \$27,000 during the 18 month program.

CERTIFICATION

Audi students will be encouraged to take the ASE Automobile Certification Tests during the normal length of the program and should have at least four (4) ASE certifications upon graduation. Students will also obtain official Audi Factory Training in a variety of areas. This training is recognized by Audi Dealers Nationwide.

TYPICAL AUDI GRADUATE EARNING

As the technology increases in automobiles, the need for highly skilled factory trained automobile technicians also increases. The average Audi graduate should earn into the \$40,000 range within a couple of years after graduation. Many technicians earn over \$50,000 a year and it is not unusual to earn over \$75,000 a year.
