Description of Program

The Business Management & Analysis program is designed to prepare students for employment as an Information Technology Assistant, Supervisor, or Manager Trainee. The content focuses on broad, transferrable skills of business supervision including: communications and human resource management, finance, technology, bookkeeping, environmental health and safety, and computer applications. In addition, students learn the functions of management, forms of business ownership, organizational structures, business law and ethics, insurance, government regulations in business, and how to open and operate a business. As a final project, students prepare a portfolio and business plan. The Business Management & Analysis program prepares students for the Microsoft Office Specialist (MOS) Industry Certification.

Requirements for Admission

- Orientation/Testing/Counselor Interview
- Computer with Internet access, microphone/speakers, Microsoft Office 2013 and Windows 7 or 8
 operating system
