Destiny features that support academic and recreational reading/research:

1. Students can narrow their search by author, subject, genre, series, awards, language, format, location and identify lexile information electronically.
2. Students can easily tap into District online subscription databases (Gale, Sirs/ProQuest, Britannica, Teaching Books.net) by using the **One Search** feature.
3. Students and teachers can create resource lists to collect, gather, share and cite information for research or enrich curriculum content.
4. **Destiny Discover** is another way to access all print and eBooks in the collection. View the status on favorites, checkouts, holds, or notes you may have made. You can also easily return your book or remove the title as a favorite by clicking on the appropriate button.
