Description of Program

The Mopar Career Automotive Program (MCAP) prepares students for an entry-level automotive technician career. Automotive technicians perform preventative maintenance, diagnostics, and repair on automobile and light truck systems. The Mopar Career Automotive Program is a partnership between Sheridan Technical College and Chrysler, Jeep, Dodge, Ram, and SRT cooperation. This two-year training program incorporates classroom instruction with hands-on paid work experience at a local Chrysler, Jeep, Dodge, Ram, or SRT dealership under the supervision of a Master Technician. MCAP incorporates the most advanced foundation in automotive service technology, mechanical skills, and academic skills and is recognized by Ford and Lincoln dealerships nationwide. MCAP students also have the option to attend an academic class one night a week at Broward College. The curriculum integration of theory and practice prepares students to take the Automotive Service Excellence (ASE) certification test(s). Prior to admissions, prospective students are required to contact the program instructor to assist with acquiring employment at a Chrysler, Jeep, Dodge, Ram, or SRT dealership. For more information please contact the program instructor Mark Couvillon at 954.253.8664.
