PRACTICAL NURSING

Description of Program

The Practical Nursing program is designed to prepare students for employment as a Licensed Practical Nurse. Practical nurses are employed in a variety of healthcare settings under the supervision of doctors and registered nurses and perform duties such as: distribution of medication, wound care, documentation, and other tasks that are more complex than that of a nurse's aid. The content includes but is not limited to theoretical instruction and clinical experiences in medical, surgical, obstetric, pediatric, and geriatric nursing. The program also includes hands-on clinical experience. The curriculum integration of theory and practice is approved by the Florida State Board of Nursing and prepares students for the National Council Licensure Examination for Practical Nurses (NCLEX PN).

Completion rate (2016-17): 86% Placement rate (2016-17): 75% NCLEX P.N. Pass rate (2018): 80%

The program is accredited by the Accrediting Commission for Education in Nursing, Inc. (ACEN).
