## Florida Residency for Tuition Purposes

A "Florida resident for tuition purposes" is a person who has, or a dependent person whose parent, legal guardian, or spouse has established and maintained legal residence in Florida for at least twelve months prior to the first day of the term. Those considered non-Florida residents pay tuition at a higher rate. Applicants must complete the Florida Residency Affidavit for Tuition Purposes form and submit required supporting documents. [Guide to Complete Florida Residency Form](#)

Florida Statute 1009.26(12)(a) affords students who attended a Florida secondary school for three consecutive years before graduation—regardless of immigration status (undocumented)—the opportunity to pursue higher education at in-state tuition rates, should they apply for admission within 24 months after graduation. An official Florida high school transcript is required as evidence of attendance and graduation.

### Acceptable Proof

**At least one (1) of the two (2) document(s) submitted must include:**

1. Florida Voter Registration Card ([Voter Information Lookup](#))
2. Florida Driver's License
3. Florida Identification Card
4. Florida Vehicle Registration
5. Proof of a permanent home in Florida which is occupied as a primary residence by the individual or by the individual's parent if the individual is a dependent child.
6. Proof of a homestead exemption in Florida

### Determining Dependency

Individuals meeting any of the following criteria shall be classified as an independent student for tuition purposes:

- You are 24 years of age or older.
- You are married. (*Copy of marriage certificate required.*)
- You have a child, or other dependent, who lives with you and receives more than half their support from you. (*Copy of most recent federal tax return required.*)
- You are a veteran of the U.S. Armed Forces or on active duty. (*Copy of military documents required.*)
- Your parents are deceased and you are, or were until age 18, a ward of the court. (*Copy of Department of Children and Families or court documents or required.*)

### Academic Records

#### Approved Accrediting Agencies

STC accepts academic records from educational institutions that are regionally accredited or approved by a State's Board of Education (restrictions apply). Click [Approved Accrediting Agencies](#) for a list of regional accrediting agencies and their affiliates.

#### High School Diploma/ GED

A high school diploma or GED is required for some Certificate and Applied Technology programs and to obtain federal student aid. GED transcripts must be requested from [GED.com](#). Be sure to select Sheridan Technical College as the recipient for the transcript.

#### Foreign Academic Records Evaluation

Prospective students with foreign education records wishing to receive a basic skills exemption, financial aid or admittance to a program that has a diploma requirement will need to get the records evaluated. STC accepts evaluation reports from an active National Association of Credential Evaluation Services member. Request an evaluation of educational records. Just a translation of a foreign transcript is not sufficient. Records must be certified as equivalent to a secondary or postsecondary education in the United States. Translation services may also be required for records in languages other than English. Click the [Approved Foreign Transcript Evaluation Agencies](#) list for approved agencies.

#### Experiential Credit

Prospective students with related work or educational experience related to the program of interest may be eligible for Experiential Performance Awards. This allows students to accelerate the instructional process by applying past experiences toward the competencies taught in each Certificate and Applied Technology Program. Inform the program counselor/advisor if you would like to request experiential credit.

### Registration & Payment Options

Prospective students can register after receiving an acceptance letter from the program counselor/advisor. Registration is on a first come, first served basis, so payment is required to reserve your seat in the course. Payments can be made online or in person. Acceptable forms of payment include cash, Visa or MasterCard. The cardholder must be present for in-person payments.

## Additional Considerations

### Random Drug Testing

Mandatory random drug testing is part of this industry and this program. Therefore, if tested positive for drug/alcohol or refuse to submit to testing, you will be recommended for immediate withdrawal and fees paid for the drug screening test, tuition, books/supplies, etc. are nonrefundable.

### Attendance and Skills Testing

Students must attend at least 280 hours for Class A and 130 hours for Class B to remain enrolled or run the risk of being withdrawn and/or not earning a certificate of completion. Students must complete the three skills tests (pre-trip examination, basic skills maneuvers, and road test) prior to the course midpoint to move to the road portion of instruction.

### Driving and Legal Record

History of felony convictions and some traffic offenses may impact your ability to secure employment in the Commercial Driving industry.
