Description of Program

The Ford Automotive Student Service Educational Training (ASSET) program prepares students for an entry-level automotive technician career. Ford ASSET is a partnership between Sheridan Technical College and Ford and Lincoln cooperation. This two-year training program incorporates classroom instruction with hands-on paid work experience at a local Ford or Lincoln dealership under the supervision of a Master Technician. Ford ASSET incorporates the most advanced foundation in automotive service technology, mechanical skills, and academic skills and is recognized by Ford and Lincoln dealerships nationwide. The curriculum integration of theory and practice prepares students to take the Automotive Service Excellence (ASE) certification test(s). Prior to admissions, prospective students are required to contact the program instructor to assist with acquiring employment at a Ford or Lincoln dealership.
