Florida Residency for Tuition Purposes

A "Florida resident for tuition purposes" is a person who has, or a dependent person whose parent, legal guardian, or spouse has established and maintained legal residence in Florida for at least twelve months prior to the first day of the term. Those considered non-Florida residents pay tuition at a higher rate. Applicants must complete the Florida Residency Affidavit for Tuition Purposes form and submit required supporting documents. [Guide to Complete Florida Residency Form](#)

Florida Statute 1009.26(12)(a) affords students who attended a Florida secondary school for three consecutive years before graduation—regardless of immigration status (undocumented)—the opportunity to pursue higher education at in-state tuition rates, should they apply for admission within 24 months after graduation. An official Florida high school transcript is required as evidence of attendance and graduation.

Academic Records

Approved Accrediting Agencies

Sheridan Technical College accepts academic records from educational institutions that are regionally accredited and their subsidiaries. Click [Approved Accrediting Agencies](#) for the approved list. Contact the program counselor/advisor for questions.

High School Diploma/ GED

A high school diploma or GED is required for some Certificate and Applied Technology programs and to obtain federal student aid. When using the high school diploma/GED for basic skills exemption or financial aid, a transcript is required GED transcripts must be requested from [GED.com](#). Be sure to select Sheridan Technical College as the recipient for the transcript.

Foreign Academic Records Evaluation

Prospective students with foreign education records wishing to receive a basic skills exemption, financial aid or admittance to a program that has a diploma requirement will need to get the records evaluated from an active National Association of Credential Evaluation Services member. Request an evaluation of educational records. Just a translation of a foreign transcript is not sufficient. Records must be certified as equivalent to a secondary or postsecondary education in the United States. Translation services may also be required for records in languages other than English. Click the [Approved Foreign Transcript Evaluation Agencies](#) list for approved agencies.

Experiential Credit

Prospective students with work or educational experience related to the program of interest may be eligible for Experiential Performance Awards. This allows students to accelerate the instructional process by applying past experiences toward the competencies taught in each Certificate and Applied Technology Program. Inform the program counselor/advisor if you would like to request experiential credit.

Registration & Payment Options

Prospective students can register after receiving an acceptance letter from the program counselor/advisor. Registration is on a first come, first served basis, so payment is required to reserve your seat in the course. Acceptable forms of payment include cash, Visa or MasterCard. The cardholder must be present for in-person payments.
