ONLY AVAILABLE AT THE
WEST CAMPUS

ADVANCED AUTOMOTIVE TECHNOLOGY - AUDI/DEALER EXCLUSIVE TRAINING

2400 hrs | **TRADITIONAL**

Students attend Sheridan Technical College on Mondays, Tuesdays, or Wednesdays from 8:00AM to 4:30PM while working at their sponsoring dealerships full time the rest of the week. Students will work approximately 30 to 40hrs a week at their dealership under the supervision of a Master Technician, earning a minimum of \$12.00 to \$14.00 per hr. totaling

nearly \$24,000 per year while a registered student. Students will be properly trained and will be encouraged to take the ASE (Automotive Service Excellence) Automobile Certification Tests during the normal length of the program and should have at least four (4) ASE Certifications upon graduation. (advanced students have achieved Master ASE Status) Students will also obtain official Corporate Factory Training in a variety of areas. This training is offered by the corporate training websites and will lead to Instructor Led Training at the training center of the Corporate Sponsor.

(Recognized Nationwide). Technology in today's automobiles is requiring the need for more highly skilled properly trained technicians. The average graduate will earn into the \$50,000 not long after graduation. Many techs earn over \$60,000 a year and it's not unusual to earn over \$75,000 a year. For more information and details about this program contact Edgard.Solis@browardschools.com or at (954) 801-7188 automotive Instructor/Coordinator or Sheridan Technical College Counselor at (754)321-3903.

Audi

ADVANCED AUTOMOTIVE TECHNOLOGY - NISSAN/INFINITI TECHNICIAN TRAINING ACADEMY

2400 hrs | **TRADITIONAL**

Full-time students attend Sheridan Technical College on Tuesday and Wednesday from 8:00 am to 3:00 pm while working at their sponsoring dealerships part time the rest of the week.

Students will work approximately 20 hours a week at a dealership, working under the supervision of a Master Technician. Nissan/ Infiniti students will be encouraged to take the ASE Automobile

Certification Tests during the normal length of the program. Students will also obtain official Nissan/Infiniti Factory Training in a variety of areas. This training is recognized by Nissan/ Infiniti Dealers Nationwide. As the technology increases in automobiles, the need for highly skilled factory trained automobile technicians also increases. The average Nissan/Infiniti

graduate should earn into the \$40,000 range within a couple of years after graduation. Many technicians earn over \$50,000 a year and it is not unusual to earn over \$75,000 a year. For more information and details about this program contact the Nissan/Infiniti Training Coordinator Mark Couvillion at 954.253.8664.

AUTOMOTIVE COLLISION TECHNOLOGY TECHNICIAN

1400 hrs | **TRADITIONAL**

The learning experiences included in the Automotive Collision Technology Technician program prepares students for employment in the collision repair industry. Consumers are keeping their vehicles longer and every year

more cars and trucks crowd onto the highways. Both factors create a need for more body and paint repair technicians. Available occupations include collision repair technician, paint repair technician, body shop office personnel, material supplier, sales, glass technician, and related positions within insurance companies.

AUTOMOTIVE MAINTENANCE & LIGHT REPAIR

600 hrs | **TRADITIONAL**

The Automotive Maintenance and Light Repair program focuses on the knowledge and skills needed to work on a variety of systems such as engine, drivetrain, brakes, electrical, and steer & suspension. Students learn to conduct basic repairs and maintenance on automobiles and light truck systems. This program is designed for those who wish to be certified in basic entry skills as a service technician. This certificate will aid students in obtaining an entry-level position at either a dealership or an independent repair facility. Upon completion, the goal is to give the technician well-rounded entry-level knowledge in all 8 of the areas that are covered under the industry standard of Automotive Service Excellence (ASE).

AUTOMOTIVE SERVICE TECHNOLOGY

1800 hrs | **TRADITIONAL**

The Automotive Service Technology program prepares students for employment as automotive technicians by providing them with state-of-the-art automotive service repair techniques. Technical training is provided in the classroom and in the lab on both foreign and domestic vehicles. Included in this NATEF Certified Program are the following ASE Certification subjects: Electrical Systems, Engine Theory and Repair, Engine Performance, Manual Drivelines and Axles, Automatic Transmissions, Brake Systems, Heating and Air Conditioning, and Steering/Suspension Systems. Introduction and routine maintenance subjects are also included. This competency-based program combines theory and real-life working conditions to provide an effective beginning for students who wish to become certified automotive service technicians.

ADVANCED AUTOMOTIVE TECHNOLOGY FORD - ASSET (AUTOMOTIVE STUDENT SERVICE EDUCATIONAL TRAINING)

2400 hrs | **TRADITIONAL**

The Ford-Automotive Student Service Educational Training (ASSET) track is a partnership between the Ford Motor Co., Ford and Lincoln dealers and Sheridan Technical College, that leads to an Associate in Applied Science (A.A.S.) degree in Automotive Technology. A two-year cooperative program, Ford-ASSET is designed to develop entry-level service technicians for Ford and Lincoln dealerships. This two-year training program incorporates classroom instruction with hands-on paid work experience at a local dealership under the supervision of a Ford Senior Master Technician. You will gain a foundation that incorporates advanced automotive service technology, mechanical skills, and academic skills along with dealer access to OEM (original equipment manufacturer) training that is recognized by dealerships around the world. To qualify for the program applicants must have a High School diploma or equivalent, less than 3 points on your drivers license, pass a background check, drug test and be at least 18 years of age. For more information contact Derrick Montanez via email at derrick.montanez@browardschools.com or 305-764-7243.

ADVANCED AUTOMOTIVE TECHNOLOGY - GM ASEP

2400 hrs | **TRADITIONAL**

The General Motors Automotive Service Educational Program (GM ASEP) is an alliance between Sheridan Technical College and General Motors Corporation. GM ASEP is a two year automotive training program. Students attend class full time for eight (8) weeks followed by eight (8) weeks of full time paid work experience at local General Motors Dealership. GM ASEP students must complete academic classes at Broward College while taking advanced automotive technical training at Sheridan Technical College. Applicants must be at least 18 years of age.

STELLANTIS

ADVANCED AUTOMOTIVE TECHNOLOGY - (MOPAR CAREER AUTOMOTIVE PROGRAM) MCPAP

2400 hrs | **TRADITIONAL**

Entry level automotive technicians will work for a local Chrysler, Jeep, Dodge, Ram, Fiat, or SRT dealer while attending a two year factory training program at Sheridan Technical College. Students must attend Sheridan Technical College every Monday to receive factory training. Students have the option to attend an academic

class one night a week at Broward College. Students usually work 35 paid hours per week, earning \$22,000 in their training years. Graduates earn approx, \$42,000 a year. Students will earn while they learn. Sheridan Technical College accept "college prepaid" and "federal student aid." School costs are approximately \$400 a month. For more information contact Mark Couvillon at 954.253.8664. Applicants must have a GED or High School diploma, less than three points on driver's license, pass a background check and drug test.

cvd & diesel maintenance

COUNSELOR 754.321.3903 | DEPARTMENT 754.321.3900

**COMMERCIAL CLASS
"B" DRIVING**150 hrs | **TRADITIONAL**

The Commercial Class "B" Driving program will prepare students for entry-level employment as a professional local truck driver. Upon successful completion of the program, which includes 200 miles of local and highway driving, Commercial Class "B" Driving students will receive a technical certificate, and will be able to test at our facility for their Class "B" Commercial Drivers License (CDL).

COMMERCIAL VEHICLE DRIVING320 hrs | **TRADITIONAL**

The Commercial Vehicle Driving program will prepare students for entry-level employment as a professional local or over-the-road (OTR) truck driver. Upon successful completion of the program, which includes 1,000 miles of local and highway driving, Commercial Vehicle Driving students will receive a technical certificate, and will be able to test at our facility for the Class "A" Commercial Drivers License (CDL). Commercial Vehicle Driving is a job preparatory program that instructs students in:

- The proper loading and securing of cargo
- Coupling and uncoupling
- Shifting
- Maneuvering
- Backing of large tractor trailers, truck controls, and systems
- Double-clutching and shifting techniques of 9, 10, and 13-speed transmissions

Students will practice concepts previously covered in the classroom and the basic procedures needed to safely operate large tractor trailers prior to being taken on the road. The remaining portion of the Commercial Vehicle Driving program will be spent driving on all different types of highways.

**DIESEL MAINTENANCE
TECHNICIAN**600 hrs | **HYBRID**

The Diesel Maintenance Technician is an exciting new accelerated "Boot Camp" type program that prepares students for a wide array of career opportunities in the commercial diesel repair industry. The Diesel Maintenance Technician program will teach students the necessary soft and hard skills needed such as employability, problem solving, and recommended OSHA (Occupational Safety and Health Administration)

procedures for entry level success. Students will learn safe and efficient work practices, while the main focus of the program will be CMV (Commercial Motor Vehicle) preventative maintenance and air brakes systems. The students will have the exposure to and earn the skills necessary to repair ALL heavy vehicle systems, including system diagnostics. Students will enjoy hands-on experience learning while maintaining and repairing an active fleet of trucks for our Commercial Vehicle Driving program.

“My Sheridan instructors were so helpful and encouraging. They make sure you are successful in your program and beyond!”

— Myrna
Business Management
June, 2019

Some business programs are blended. Students enrolled in online programs complete the coursework according to program pacing guides from any convenient location with Internet access. Web conferencing using Blackboard Collaborate allows students to meet with their instructor online for programmatic instruction, to ask questions or to receive assistance. The live, interactive, Blackboard Collaborate sessions are recorded as a resource for students. On campus computer labs are available for student use.

ACCOUNTING OPERATIONS

900 hrs | DISTANCE EDUCATION

The Accounting Operations Program is designed to prepare students for employment as an Accounting Clerk, Accounting Associate, and Accounting Assistant. The course content includes the applications of accounting principles related to: business transactions; financial

statements; payroll records, forms and reports; accounting control systems; account and transaction analysis; inventory methods; the aging process; and depreciation. Activities include the use of computers, spreadsheet (MS Excel), and Accounting QuickBooks software. The Accounting Operations Program prepares students for the QuickBooks Certified User Industry Certification.

ADMINISTRATIVE OFFICE

SPECIALIST

1050 hrs | DISTANCE EDUCATION

Administrative Office Specialist Program is designed to prepare students for employment in any office environment as an Administrative Assistant, Front Desk Specialist, and an Information Technology Assistant. This course is structured and to prepare you to diligently to complete all Office and Procedures Administrative Tasks with new skills sets, technology, and trends to become “The Point of Contact for all Employees” in the office setting. You will become proficient in Microsoft Office (web-based and the suite), transcription, and usage on Virtual Cloud-Based Meeting apps (Teams, Zoom, Google meet, etc.) for the board room. After successfully completing this program, the student will be able to seek job opportunities through our career placement center, develop a working electronic portfolio and become Microsoft Office Specialist (MOS) Certified along with achieving your Administrative Office Specialist Certificate.

BUSINESS MANAGEMENT & ANALYSIS

900 hrs | **DISTANCE EDUCATION**

The Business Management and Analysis Program is designed to prepare students for employment as a Supervisor, Manager Trainee or in Small Business Management.

The course content includes: communications and human resource management; finance; technology; accounting fundamentals; environmental health and safety; computer applications; functions of management; forms of business ownership; organizational structures; business law and ethics; insurance; government regulations in business; and how to open and operate a business. As a final project, students prepare a portfolio and business plan. The Business Management and Analysis Program prepares students for the Microsoft Office Specialist (MOS) Industry Certification.

**In any industry, it takes
TEAMWORK
to achieve anything!**

COMPUTER SYSTEMS & INFORMATION TECHNOLOGY

900 hrs | **DISTANCE EDUCATION**

The Computer Systems & Information Technology program offers a broad foundation of knowledge and skills that prepare students for employment in the Computer/Network/Security fields. The course content includes computer hardware, troubleshooting, repair and maintenance, operating systems and software, networking fundamentals, networking protocols,

networking media and topologies, network devices, network requirements, network tools, local area networks, identifying network security threats, WAN links and Wireless technologies. The Computer Systems & Information Technology student will receive preparation for the CompTIA A+, Network+, and Security+ certifications. The program consists of three online days and daytime face-to-face classes.

LEGAL ADMINISTRATIVE SPECIALIST

1050 hrs | **DISTANCE EDUCATION**

Legal Administrative Specialist Program is designed to prepare students for employment for Federal, State and Local any Law firm, Justice system Government or Courts as a Front Desk Specialist, Legal Administrative Support, Legal Secretary or Legal Administrative Specialist. The program is structure to prepare you to diligently complete all Legal Office and Procedures Administrative Tasks with new skills sets, technology, and trends to become an asset to any authorities in the Law Field. You will learn specific programs widely used in legal organizations as HotDocs, Clio, use spreadsheets (Excel) for timekeeping and billing, databases (Access) for case management and docket control and host of several other types of application software used in the legal world. After successfully completing this program, the student will be able to seek job opportunities through our career placement center, develop a working electronic portfolio and become Microsoft Office Specialist (MOS) Certified along with achieving your Legal Administrative Specialist Certificate.

MEDICAL ADMINISTRATIVE SPECIALIST

1050 hrs | **HYBRID**

This program will provide students with a variety of skills for employment in the medical field to perform administrative support functions. The program will include training in medical office duties that utilize knowledge of medical terminology, medical office procedures including Medical Billing and Coding, and Microsoft Office 2016.

Upon completion of this program, students are qualified to attain the Certified Medical Administrative Assistant (CMAA) certification through the National Healthcare Association (NHA) to become part of the Allied Health Profession. Medical Administrative Specialist program training include proficiency in:

- Information technology
- Communication (verbal and written)
- Medical Terminology

- Basic Pharmacology
- Infection Control
- Measurement of Vital Signs
- Medical Emergency and safety practices
- BLS (Basic Life Support) certification
- Electronic Health Record software (SimChart)
- Medial Laws such as HIPPA, HiTech and EHR Meaningful Use
- Medical Billing and Reimbursement Procedures:
 - * medical insurance basics
 - * basic ICD 10 and CPT coding
 - * patient and insurance collections
 - * banking procedures

By becoming a Certified Medical Administrative Assistant (CMAA), you'll have the recognized credentials healthcare employers are searching for now.

NETWORK SYSTEMS ADMINISTRATION

1050 hrs | **HYBRID**

The Network Systems Administration program prepares students for the following Informa-

tion Technology industry certifications: CompTIA IT Fundamentals (ITF), CompTIA A, CompTIA Network, and AWS Certified Cloud Practitioner, and the Microsoft Windows Server Hybrid Administrator Associate on Azure Cloud.

In addition to daily instructor-led lessons, students learn using a sophisticated learning management system that replaces traditional

NETWORK SUPPORT SERVICES

1050 hrs | **HYBRID**

The Network Support Services program prepares students for employment in network administration as network support specialists or provides supplemental training for people previously or currently employed in networking support occupations. The program prepares students to create, monitor, and maintain computer networks and operate computers and peripheral equipment. Laboratory activities are an integral part of this program. Activities include building and maintaining computers, installing operating

systems, configuring routers and switches, and demonstrating mastery through culminating case studies.

Program Content:

• A+ Certification Training • Routing and Switching Training • Computer Literacy • Computer User Support • Hardware and Software Troubleshooting • Installation and Configuration Activities • Network Configuration • Network+ Certification Training

“ Make sure you ask questions to the teacher or students if you don't know something. If you do the labs at the same time with the books – it's going to make more sense than just reading the book. Finally, meet with your teacher to see where you are in the program. ”

— Robert Jaajairam
Networking
Sept. 2017

WEB DEVELOPMENT

1050 hrs | **DISTANCE EDUCATION**

This program offers a broad foundation of knowledge and skills to prepare students for employment in positions from Assistant to Senior Web designer. The content includes operating system commands and Web

document development, design, e-commerce and promotion, and scripting. In this program you will learn to create state-of-the-art Web sites that can be seen not only on desk and laptop computers but also on today's mobile devices, such as smart phones and tablets. You will be able to do this through

learning: Photoshop, Dreamweaver, Premiere, HTML5/CSS3, Canvas, JavaScript, jQuery, XML, WordPress, PHP, CMS, SEO, and Web analytic tools. The Web Development program prepares students to take the Adobe Photoshop, Dreamweaver and Premiere Certification Exams.

construction, trade & energy

COUNSELOR 754.321.5457 | DEPARTMENT 754.321.5498

BUILDING TRADES & CONSTRUCTION DESIGN TECHNOLOGY

900 hrs | **TRADITIONAL**

The Building Trades and Construction Design Technology program is designed to prepare students for employment in the residential, commercial and industrial maintenance industry. The content includes but is not limited to blueprint reading, construction codes and building requirements, use of hand/power tools and safety on the job. The curriculum integration of theory and practices provides students with fundamental entry level skills necessary to perform general operational maintenance, repair and alterations to equipment and buildings to meet industry standards.

HEATING, VENTILATION, AIR-CONDITIONING/ REFRIGERATION (HVAC/R)

1350 hrs | **TRADITIONAL & HYBRID**

Air Conditioning, Refrigeration and Heating is a high demand career field. The program trains students for employment as heating, air conditioning, and refrigeration mechanics or air conditioning installer-servicers. Instruction and laboratory activities include planning, installing, testing, servicing of A/C, refrigeration, and heating systems and components. Students also learn: troubleshooting electrical and mechanical components/equipment, brazing and soldering tubing/piping, installing and servicing controls and components, electrical wiring, and routine maintenance and service. This program also offers EPA certification, comprehensive recovery, and recycling.

ELECTRICITY

1200 hrs | **TRADITIONAL**

The Electricity program focuses on training in electricity for residential, commercial, and industrial systems. The students will be instructed on conduit bending techniques, blueprint reading, fire alarm installation, journeyman preparation, and interpreting national and local electrical codes. Also, the students will master the understanding of all aspects of the electricity industry's planning, management, finance, technical and production skills, with underlying principles of technology, labor issues, community issues and health, safety and environmental issues.

PLUMBING

1080 hrs | **TRADITIONAL**

This program focuses on training in plumbing for residential, commercial, and industrial systems. Students will be instructed on soldering, blueprint reading, cutting/joining pipes, and interpreting national and local plumbing codes. Also, the students will master the understanding of all aspects of the plumbing industry's planning, management, finance, technical and production skills, with underlying principles of technology, labor issues, community issues, and health, safety and environmental issues.

professional culinary arts & hospitality

PROFESSIONAL CULINARY ARTS & HOSPITALITY

1200 hrs | **TRADITIONAL**

Love food? Train for a career in Culinary Arts to become a cook/chef. The program covers Garde Manger (Cold Foods), Hot Foods, Commercial Baking, Sanitation & Safety, Nutrition, Supervision & Management. This program is accredited by the American Culinary Federation Education Foundation Accrediting Commission (ACFEFAC) and articulates with Broward College toward a Culinary Arts Management Degree. In addition to classroom and lab experiences, students may apply for experiential credit if currently employed in a qualified food service position. Qualified students have the opportunity to obtain the ServSafe and Certified Culinarian Certifications.

education & training

COUNSELOR 754.321.5445 | DEPARTMENT 754.321.5486

CHILD CARE CENTER OPERATIONS/ FLORIDA DIRECTOR CREDENTIAL

45 hrs | **DISTANCE EDUCATION**

The Child Care Center Operations program is an approved Department of Children and Families (DCF) course and is included on the State of Florida's approved "Overview of Child Care Management" course list for earning a Florida Director's Credential.

The administrator of a child care facility is a multifaceted position that requires an extensive amount of dedication, knowledge and expertise in program administration. Florida Legislature mandates, in the Child Care Licensing Standards, that directors of licensed child care facilities possess a Director's Credential.

“ This is a great program to explore the career of working with children. I liked that this program offered a lot, from hands-on time in the preschool, projects, research and book work. I look back and see how helpful that was for me. ”

— Elizabeth Dean-Dias
Job Coach
October, 2021
June, 2013

EARLY CHILDHOOD EDUCATION/EARLY CHILDHOOD PROFESSIONAL CERTIFICATE (ECPC)

600 hrs | **DISTANCE EDUCATION**

The Early Childhood Education/Early Childhood Professional Certification (ECPC) Program prepares students for employment within the industry as early childhood educators, child care personnel, lead preschool teachers, VPK teachers, before-care/after-care workers, teacher assistants, and supervisors, child development specialists, camp counselors/supervisors, directors/owners, and family day care home operators. Included are the following major areas of training: child growth and development; health; safety; nutrition; behavior guidance techniques; child abuse and neglect; rules and regulations governing child care; observation, screening and assessment; community and environmental issues; language

development and emergent literacy; lesson and program planning; implementation of developmentally appropriate practices for children birth through age eight; inclusion of children with special needs; current technology in the early childhood profession; communication; balancing family, school and work; employability skills; labor issues; entrepreneurship; management and finance. The curriculum integration of the-

ory and practice prepares students for the Florida Department of Education's Early Childhood Professional Certificate (ECPC). The ECPC is accepted for the Department of Children and Families (DCF) Staff Credential. Students who complete the ECE/ECPC program are prepared to pursue the national CDA credential and are also eligible for nine (9) college credits at any state public university.

health science

ADVISOR 754.321.5443 | DEPARTMENT 754.321.5480

ELECTROCARDIOGRAPH TECHNOLOGY (EKG)

465 hrs |

Electrocardiograph (EKG) Technicians operate equipment that records and measures heart activity, which is used to assist cardiologists and physicians in diagnosing and treating cardiac (heart) and peripheral vascular (blood vessel) issues. If you like making a difference in the lives of others, this is the career choice for you.

Over the course of 5 months, students will learn human anatomy and physiology with an emphasis on cardiac and vascular systems, medical terminology and transcription, patient care techniques, medical instrumentation, cardiovascular drugs, cardiac wellness and rehabilitation, and how to differentiate between normal and abnormal monitoring and testing results.

MEDICAL ASSISTING

1300 hrs | **ED for the Medical Assisting program is preferred.**

Medical Assisting skills include managing medical records utilizing electronic medical record software applications, an introduction to diagnosis and CPT codes, completing insurance forms, arranging hospital admissions, scheduling of appointments and handling billing and bookkeeping. Clinical skills taught are assisting the physician during patient examinations, recording vital signs, taking medical histories, performing basic laboratory tests, performing phlebotomy, EKG and administration of medication as directed by the physician. Medical Assistants may find employment in offices of physicians, outpatient care centers, general medical and surgical hospitals, and allied healthcare facilities. This class meets Monday thru Friday, full-time and the only online component is Core.

MEDICAL CODER/BILLER APPLIED TECHNOLOGY DIPLOMA

1110 hrs | **DISTANCE EDUCATION**

The Medical Coder/Biller program is designed to prepare students for employment in a variety of health care settings as an entry level medical coder, coding technician, coding clerk, or medical insurance biller. Coding is the process of taking a written diagnosis or operative procedure and assigning alpha-numeric numbers used for reimbursement billing and statistics. The program covers ICD-10-CM and ICD-10-PCS coding systems, CPT, and HCPCS coding systems. Students are taught manual and automated procedure coding. The student will also be trained to prepare and file medical insurance claim forms for reimbursement.

PHARMACY TECHNICIAN - ATD

1050 hrs |

Pharmacy Technicians generally work under the supervision of a registered pharmacist and perform tasks related to receiving, dispensing, distribution, control, maintenance, compounding, manufacturing, packaging and labeling of pharmaceutical products. Currently, pharmacy technicians are responsible for routine tasks previously performed by pharmacists and for mastering new pharmacy technology as it becomes available. Opportunities for advancement may vary with the pharmacy technician's employer. Upon successful completion of this program, students will earn an Applied Technology Diploma (ATD).

Upon completion of the program and meeting eligibility requirements, including the attainment of an aligned industry credential, students may be awarded credits toward an AS/AAS Degree by the Florida College System. Additional college credit may be awarded with the attainment of additional industry credentials.

PHLEBOTOMY

165 hrs | **HYBRID**

This course will enable the health care provider to master the skills and practice phlebotomy. The course includes the study of anatomy and physiology of the venous system and common laboratory blood tests. The first 90 hours of this course provides a solid foundation for the healthcare worker and will be full-time hours in a blended format. Upon completion students are eligible for national certification.

SURGICAL TECHNOLOGY

1330 hrs |

The Surgical Technology program prepares students for employment as surgical technologists. Included are the following major areas of training: communication and interpersonal skills, legal and ethical responsibilities, anatomy, physiology, microbiology, aseptic techniques, patient care procedures, surgical technology procedures, patient safety, use and care of equipment and supplies, CPR, employability skills, and basic computer literacy.

This program prepares individuals for employment in the operating room, central supply, ambulatory surgical centers, and physicians' offices. Students are introduced to the surgical area early in the program. Students must be able to stand for long hours and work in an atmosphere that is often charged with pressure and urgency. Knowledge of, and experience with, aseptic techniques qualify surgical technicians to prepare instruments and materials for use at the operating table and to assist in their use with skill and dexterity. Graduates are eligible to take the National Certifying Examination for Surgical Technologists.

The Surgical Technology program is accredited by Commission of Accreditation of Allied Health Education Programs (CAAHEP)

practical nursing

ADVISOR 754.321.5443 | DEPARTMENT 754.321.5526

PATIENT CARE ASSISTING

290 hrs | **TRADITIONAL**

The Patient Care Assistant (PCA) program prepares student for employment as cross-trained nursing assistants and provides foundational knowledge and skills. Students receive training in communication and interpersonal skills, infection control, safety/emergency procedures, promoting residents' independence, and respecting patient rights. The PCA works in the hospital setting as a member of the healthcare team under the direction of the nurse. Duties include taking vital signs and assisting patients with basic tasks. A certificate is issued at the successful completion of the program in accordance with State guidelines. Graduates are eligible to take the Certified Nursing Assistant (CNA) certification examination. The Florida Department of Health/Board of Nursing will issue a certificate to those who pass the examination.

PATIENT CARE TECHNICIAN

600 hrs | **HYBRID**

The Patient Care Technician (Nursing Assistant) tends to ill and injured individuals under the supervision of doctors, nurses, and medical professionals. The duties include taking vital signs, collecting specimens, assisting patients with eating, personal hygiene and grooming. Employment is in the hospitals, nursing homes, and home health agencies. Upon successful completion of the Patient Care Technician Training program students may take the State Nursing Assistant Certification Examination. Students also receive training in 12 lead EKG and basic phlebotomy techniques.

PRACTICAL NURSING

1350 hrs | **TRADITIONAL**

Train to become a Licensed Practical Nurse working in a variety of healthcare settings giving direct patient care under the supervision of doctors and registered nurses. Duties include giving medication, documentation, wound care and other tasks that are more complex than nurse's aides. Licensed graduates may advance into Broward College's Registered Nurse program (PN/RN Articulation program).

***"The belief that you can have a meaningful
career is the first step to finding one."***

A young woman with long, curly brown hair is sitting outdoors, smiling at the camera. She is wearing a light blue, textured sweater. A laptop is open in front of her, and she appears to be working or studying. The background is a blurred green landscape with trees.

2022/23 refund policy

1. All refunds shall be accounted for and audit trails maintained in accordance with Business Practice Bulletins issued by the Office of the Chief Financial Officer.
2. Students who appear at the school in person and voluntarily withdraw within five (5) school days of the beginning of a term shall be entitled to a full refund of tuition, student activity fee, fee-supported cost recovery, and lab/supply fees. Registration fees and Health Science fees are non-refundable. Five (5) school days shall not apply to courses less than three (3) weeks or ninety (90) hours in duration. In such cases, the request for withdrawal must be made prior to the course meeting more than one-third (1/3) of its assigned hours. Retention of fees collected in advance for a student who does not enter class shall not exceed \$100. Refunds will be made within forty-five (45) days of the date on which the student voluntarily withdraws.
3. Students involuntarily withdrawn pursuant to the Adult Student Conduct and Discipline Code are not entitled to a refund of any fees.
4. Students who pay fees but are entitled to a waiver, voucher or agency payment (refer to SBBC Policy 6606) shall be entitled to a refund of fees only if required evidences are presented to the school/college principal/director or his/her designee within fifteen (15) school days of the beginning of a term.
5. In the case of unusual or extraordinary circumstances (such as illness, death in family, etc.) that preclude a student's enrollment, the school principal/director or his/her designee may honor a request for full or partial refund of fees provided that: (1) the request is made in writing prior to the date that the course would have normally ended, (2) supporting evidence (where appropriate) is provided. If said refund results in a failure to satisfy state fee requirements, the student shall not be reported for membership during the Workforce Education Fund survey period in the course for which the refund is given.
6. Students who feel they have been treated unfairly in the application of this policy or its rules may appeal using the student grievance procedure as presented in the Student Conduct and Discipline Code.
7. Refunds, when due, will be made without requiring a request from a student.
8. Refunds, when due, will be made within forty-five (45) days: (1) of the last day of attendance if written notification of withdrawal has been provided to the school/college by the student, or (2) from the date the school/college withdraws the student or determines withdrawal by the student.
9. A student is entitled to a full refund of fees if a course is canceled by the school/college principal/director or his/her designee, provided however, that the student was not reported in membership during the Workforce Education Fund survey period in which the class was counted. If so, only those fees in excess of the state requirement shall be refunded.
10. Miscellaneous items purchased from the school bookstores (textbooks, uniforms, etc.) may be returned for a full refund provided that the items are unused, in the original packaging and currently being used in the instructional program.

Dr. Vickie L. Cartwright, Superintendent of Schools

The School Board of Broward County, Florida, prohibits any policy or procedure which results in discrimination on the basis of age, color, disability, gender identity, gender expression, genetic information, marital status, national origin, race, religion, sex or sexual orientation. The School Board also provides equal access to the Boy Scouts and other designated youth groups. Individuals who wish to file a discrimination and/or harassment complaint may call the Director, Equal Educational Opportunities/ADA, Compliance Department & Districts Equity Coordinator/Title IX Coordinator at 754-321-2150 or TeleType Machine (TTY) 754-321-2158. Individuals with disabilities requesting accommodations under the Americans with Disabilities Act Amendments Act of 2008, (ADA44) may call Equal Educational Opportunities/ADA Compliance Department at 754-321-2150 or TeleType Machine (TTY) 754-321-2158.
