

2026-27 Accepted Accrediting Agencies

Recognition of Academic Records Policy

Broward Technical Colleges (BTC)—Atlantic, McFatter, and Sheridan Technical College—accept academic records from other institutions for the purpose of decisions regarding admissions, eligibility for financial aid, and recognition of prior academic work. To ensure the academic integrity and quality of educational programs, BTC recognize academic records only from institutions that meet one of the following criteria:

1. Accredited Institutions

Educational institutions accredited by agencies listed on the *BTC Approved Accrediting Agency* list are recognized for the purposes of academic record evaluation. Membership in an accrediting agency alone does not indicate that an institution has undergone a formal accreditation review or met the accreditor's standards and is not sufficient for recognition. Institutions must have met and maintained the accreditation standards and requirements established by the accrediting agency.

2. Public School Districts or U.S. Territories

Public school districts or U.S. territories that do not utilize a formal accrediting body but are registered with their respective State or Territorial Departments of Education. Educational records issued by U.S. territories must be translated into English if not already provided in English. Credential evaluation is not required in such cases.

3. Registered Home Education Programs

Home education program completers must submit this institution's *Affidavit of Home School Completion* form in compliance with Florida Statutes s. 1002.41 and s. 1007.263(2)(a), F.S. The affidavit must be completed, signed by the designated Home School Official (parent or legal guardian), and notarized. All required supporting documentation, as specified by this institution, must be submitted with the affidavit. Contact the program counselor/advisor to obtain the *Affidavit of Home School Completion* form.

4. Foreign Institutions with Evaluation Reports

Academic records from foreign institutions must be evaluated by a credential evaluation service that is a member of the National Association of Credential Evaluation Services (NACES), the Association of International Credential Evaluators (AICE), FLDOE Bureau of Educator Certification (BEC), or an accepted accredited four-year college or university in the United States. The evaluation must certify that the academic records are equivalent to a secondary and/or postsecondary education in the United States. Contact the program counselor/advisor for a comprehensive list of approved evaluation agencies.

1. Accreditation International (Ai)
2. Accrediting Association of Seventh-day Adventist Schools (AAA)
3. Accrediting Commission for Community and Junior Colleges (ACCJC)
