

2026-27 Foreign Education Credentials Evaluation Agencies

Foreign Education Credentials Policy

Broward Technical Colleges (BTC)—Atlantic, McFatter, and Sheridan Technical College—accept official credential evaluation reports that indicate the U.S. equivalency of academic credentials earned outside the United States. These evaluations must be completed by **one** of the following:

1. An accepted accredited four-year college or university in the United States;
2. A current or previous member of the National Association of Credential Evaluation Services (NACES),
3. A current or previous member of the Association of International Credential Evaluators (AICE),
4. A credential evaluation agency that is approved by the FLDOE Bureau of Educator Certification (BEC).

Evaluation Request Instructions

When using an evaluation agency provided on this list, contact the agency of choice for details regarding their procedures and associated costs. The symbol below identifies local service providers; however, most evaluation and translation requests can be submitted online via the agency's website.

1. Request Document-by-Document Evaluation

Request the **document-by-document** evaluation. This is also referred to as General Evaluation, Diploma Evaluation or Degree Evaluation. This type of evaluation provides a summary of academic credentials and does not include individual courses or grades. The evaluation must certify that the educational records are equivalent to a secondary or postsecondary education in the United States. A course-by-course evaluation is **not** necessary.

2. Request Translation

If documents submitted for evaluation are written in a language other than English, an official translation into English may be required at an additional cost.
